FÁBIO ANDRÉ DOS SANTOS PEREIRA

fabiopereira.world | hello@fabiopereira.world | linkedin.com/in/fadspereira

Fullstack Engineer with a background in graphic design. Thriving on building cool stuff and solving problems.

PROFESSIONAL EXPERIENCE

Senior Fullstack Engineer @ Sword Health
Present

Tech Lead @ Web Team at Untile
March 2024 — June 2025

→ Keeping the Chaos in Check
Helping the team operate smoothly by proactively resolving issues related to anything.

→ Friends, Excellence, and World Domination
Cultivating a strong culture of friendship, excellence, and continuous improvement.

→ Quick Wins, Big Impact
Launched internal improvement projects focused on achieving quick wins with high-impact results for the team in the long term.

→ Processes, Processes Everywhere
Implemented processes to optimize workflows, including Webflow workflows that significantly accelerated development and improved project delivery.

→ Too Much Slack Notifications
Created a Quality Assurance (QA) management process to improve communication between design and development teams.

→ Future Me Will Thank Me
Introduced wiki documentation for the tech stack and other critical knowledge areas, enabling better collaboration and knowledge sharing.

→ Vision + Objectives = Success
Working closely with internal stakeholders to establish a clear vision and objectives for the team.

Frontend Developer @ Untile
March 2023 — March 2024

→ Quickly integrated into a new team, effectively contributing to large-scale projects.

→ Built high-performing websites using Webflow, Next.js (with TypeScript), and headless CMS platforms like Prismic.

→ Optimized for performance and speed, strong SEO, and seamless cross-browser compatibility across desktop, tablet, and mobile.

→ Integrated APIs and external data sources.

→ Demonstrated strong attention to detail, problem-solving skills, and a commitment to writing clean, maintainable code.

→ Collaborated in team-based environments using version control tools (Git) to streamline development workflows.

Co-Founder, Designer & Developer @ Divisa
November 2019 — February 2023

→ Played a key role in business decision-making and management at Divisa.

→ Developed websites for optimal performance and engaging user experiences.

→ Designed visual identities, posters, and websites to convey brand messaging effectively.

→ Contributed valuable insights in brainstorming sessions to shape project direction.
