+351 911829513

Tech leader and front-end developer with a background in graphic design based in Portugal — Thriving on building cool stuff and solving problems.

## PROFESSIONAL EXPERIENCE

### Tech Lead @ Web Team at Untile

March 2024 — Present

- Keeping the Chaos in Check  
Helping the team operate smoothly by proactively resolving issues related to anything.
- Friends, Excellence, and World Domination  
Cultivating a strong culture of friendship, excellence, and continuous improvement.
- Quick Wins, Big Impact  
Launched internal improvement projects focused on achieving quick wins with high-impact results for the team in the long term.
- Processes, Processes Everywhere  
Implemented processes to optimize workflows, including Webflow workflows that significantly accelerated development and improved project delivery.
- To Much Slack Notifications  
Created a Quality Assurance (QA) management process to improve communication between design and development teams.
- Future Me Will Thank Me  
Introduced wiki documentation for the tech stack and other critical knowledge areas, enabling better collaboration and knowledge sharing.
- Vision + Objectives = Success  
Working closely with internal stakeholders to establish a clear vision and objectives for the team.

### Frontend Developer @ Untile

March 2023 — Present

- Quickly integrated into a new team, effectively contributing to large-scale projects.
- Built high-performing websites using Webflow, Next.js (with TypeScript), and Headless CMS platforms like Prismic, ensuring optimized performance, speed, SEO rankings, and seamless cross-browser compatibility across all devices (desktop, tablet, and mobile).
- Integrated APIs and external data sources.
- Demonstrated strong attention to detail, problem-solving skills, and a commitment to writing clean, maintainable code.
- Collaborated in team-based environments using version control tools (Git) to streamline development workflows.

### Co-Founder, Designer & Developer @ Divisa

November 2019 – February 2023

- Played a key role in business decision-making and management at Divisa.
- Developed websites for optimal performance and engaging user experiences.
- Designed visual identities, posters, and websites to convey brand messaging effectively.
- Contributed valuable insights in brainstorming sessions to shape project direction.
